

Chief Dray Swicord

Chief Dray Swicord joined the Milledgeville Police Department in June of 1986 and assumed the role of Chief as of November 13, 2012.

When he became Interim Chief on January 12,. 2012, Chief Swicord stated: "my goal is for our department to continue work toward improving the Police Department's relationship within our community. We take great pride in the high-quality customer service we deliver to our 20,000 residents, our growing business community as well as the many visitors who enjoy all Milledgeville has to offer each year. Although, Milledgeville is considered by many to be a small city we are confronted with most of the policing issues that are present in any major city, along with the unique challenges of being near two colleges. My goal is to continue to train and prepare for events that typically plague larger communities but still provide the personal service that is expected in a family oriented community.

As our community continues to grow, we continue to focus on increased patrol efforts, effective proactive techniques, and networking with the community and other surrounding law enforcement agencies."
